

June, 2008 – Summer Outing TBD

**COMMITTEE REPORTS**

- a. Newsletter/Announcements/Ads (Carla Giacobone/Gary Doll):  
Jim and Mark to evaluate current advertising situation. Patrick to pass on binder with ad info. Patrick submitted current programming info to Gary for website.
- b. Student Affairs (Dave Milam):  
There were 16 scholarship applications, 2 clear winners and 3<sup>rd</sup> person who deserved it based on school size. A previous interim vote by the EC approved giving out 3 awards this year instead of 2. The winners have been notified and distribution of the awards is pending college registration proof.
- c. Publicity and Awards (Dennis Huffman):  
Nothing to Report
- d. Education (Carla Giacobone):  
Education class was completed successfully and payment has been received.
- e. CJEC (Krich Sawamiphakdi, Carla Giacobone):  
Nothing to Report
- f. Membership/Membership Records (Carla Giacobone):  
Nothing to Report
- g. Properties (Al Watkins):  
Nothing to Report

### Possible Further Meeting Topics/Events:

- Golf Event with STLE – per Chuck Mozen - The Canton chapter of STLE would like us to discuss the possibility of a joint golf outing with them next year. One of our members could co-chair this event with Peter Drechsler or someone else if the Executive Committee decides on a combined outing. This interaction may be good for both chapters but may also be more work. Please keep Peter informed of the outcome.
- Materials for the Petroleum Industry – Contacts: Society of Petroleum Engineers local chapter, Hugh Burnstad, Timken
- Medical Materials Applications
- Followup to robotic car team and further talk – Stark St Professors
- Student Night
  - Science Fair Winners
  - Timken Explorer Group

- Participants in Project Lead the Way from Hoover HS
- Mergers & Acquisitions in the Steel Industry
- Joint Meeting Ideas
  - Cleveland Chapter – Email Excerpts from EC
    - I've attached the preliminary schedule of activities for this year - we have our plant tour location picked out for this year - and it will be at NSL Analytical - a Cleveland area chemical/metallurgical lab which has recently relocated and expanded their operations in Cleveland. Your chapter would be more than welcome for this tour - the more the merrier!
    - It would be great to have a joint meeting of some sort this year - I understand getting into the routine of the same talks, companies, etc...so it would be great to infuse some new people and such into the routine. It might be cool to get your chapter, the Akron chapter and ourselves together for a meeting in Akron/Fairlawn area. Even if we can't fit it into our schedule this year - we could plan something for next year as well.
